Year B - Fourth Sunday of Lent
John 3:16-17
Words to remember

Background

he bible is full of verses that have something important for us to remember. In the times of Jesus, the Jewish people would memorise the words of scripture so that they would always remember it and it would become a part of their everyday life.
John 3:16 is one of the most famous verses for Christians. In one verse, it sums up Gods whole, wonderful plan of love!
This craft is a great way for kids to memorise this special scripture verse!

You will need

- A bracelet cut out for each child (preferable with holes punched as indicated on the template).
- Assorted string.

Instructions

- Print out the friendship bracelets on the following page in colour or b&w (best printed on card or laminated if you want them to last).
- Punch the holes at either end of the bracelets
- Together with the children, loop string or wool through the holes so that the bracelets can be attached to the wrist.
- Discuss the images on the bracelet and how they connect to the scripture. See the poster attached.

God

loved the people

of this world so much

that he gave his only Son,

so that everyone who has faith in him

will have eternal life and never really die
