

# Year C - Second Sunday of Easter

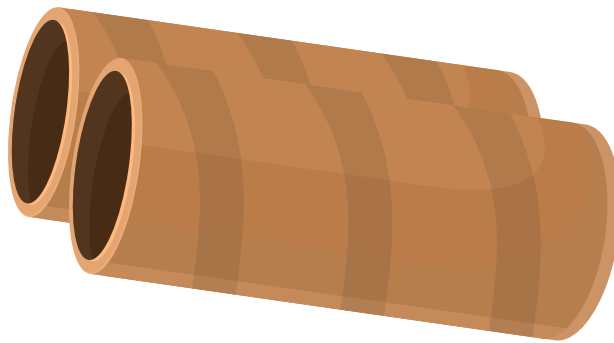

## John 20:19-29

Seeing the Miracle of God

Create 'binoculars' with the children and encourage them to look for the miracles of God around them. You can help them find some; like the symbol of the cross, looking out at nature and even looking at one another to see Gods miracle.

- You will need:**
- Cardboard tubes cut to aprox 10-15cm (enough for 2 per child)
  - Or card rolled into tubes and secured with tape
  - Washi tape/masking tape

- Instructions:**
- Secure two tubes together using tape and start searching for the miracles of God.
