

Year C - Sixth Sunday of Easter

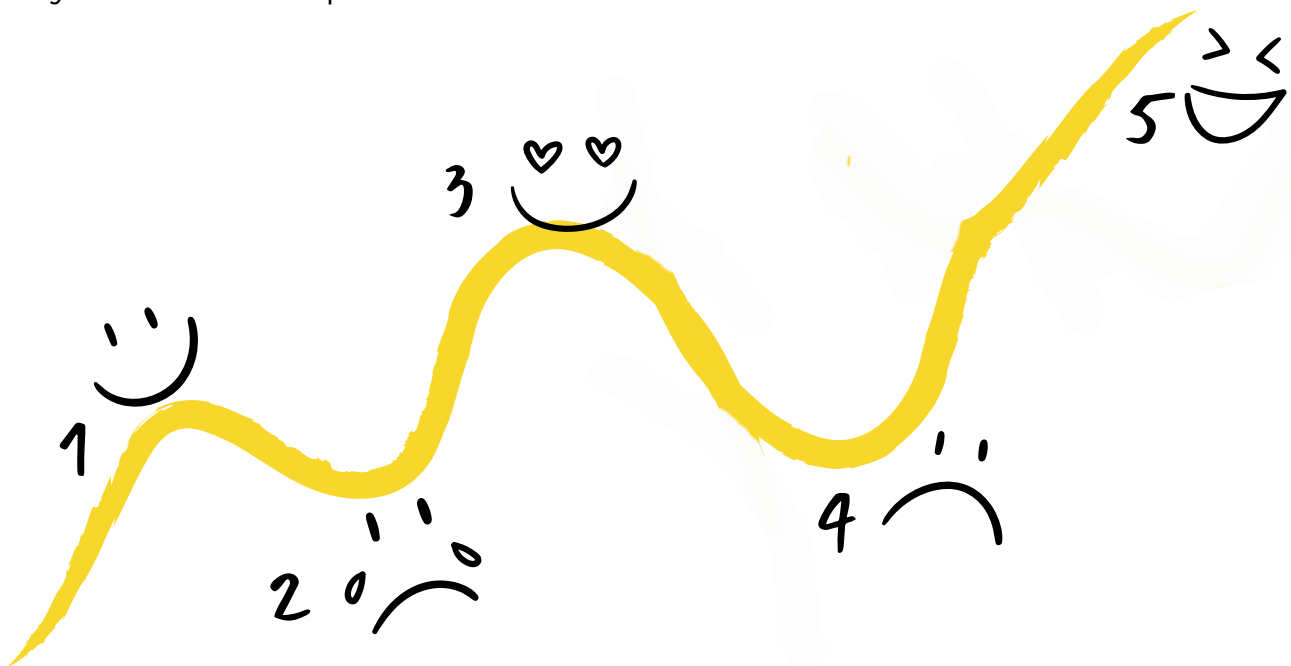

John 14: 23-26

Up and Down

This activity can show how the activity can show how the disciples would have felt the around the time of Jesus death, resurrection, ascension and the coming of the Holy Spirit.

Draw out the image below on a large piece of paper or on a white board, then talk about each moment with the info below. To get the kids more involved ask them to draw the faces at each point and draw how happy/sad they think the disciples would have been.

- 1 This was when Jesus was with the disciple, teaching and healing and sharing the good news
- 2 This was when Jesus was crucified, the disciple thought he was gone forever.
- 3 But after three days he returned! The disciples were so happy!
- 4 Then Jesus ascended into heaven, but before he left He told his disciples that the Spirit was coming to be with them.
- 5 This was the moment of Pentecost when the Holy Spirit fell on the disciples and since then has always been with us.
- 6 From this moment the Church was born and the Holy Spirit has been with us ever since. That is something to be very happy about!
