

Year C - The Ascension of the Lord

Luke 24:50-53

The disciples were very happy

Even though Jesus left his disciples and ascended to heaven, they returned to Jerusalem and were very happy.

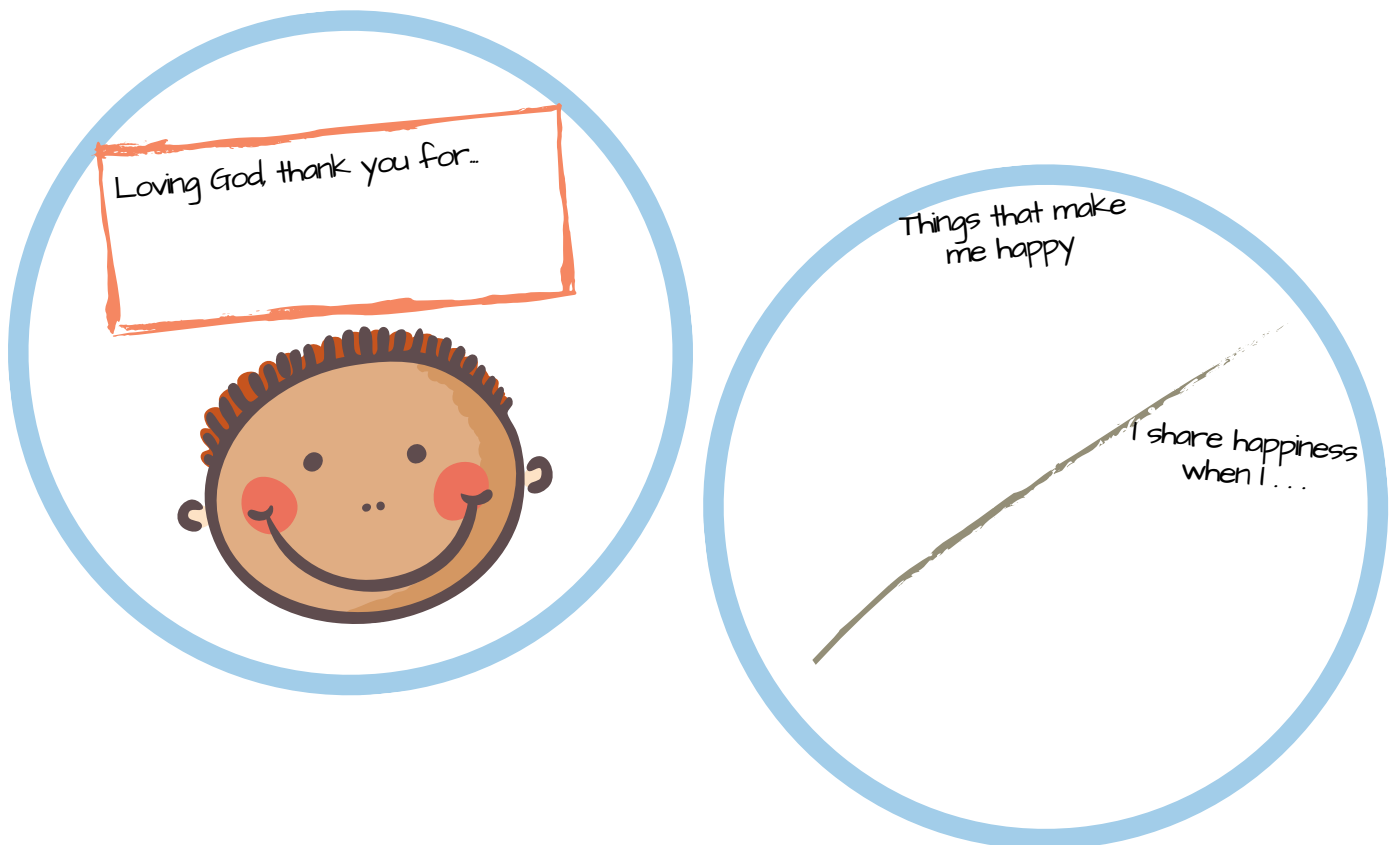

In this craft the children make a simple prayer card reminding themselves of what makes them happy and how they make other people happy. You might suggest that the children take their card home and say their prayer before they go to bed.

You will need:

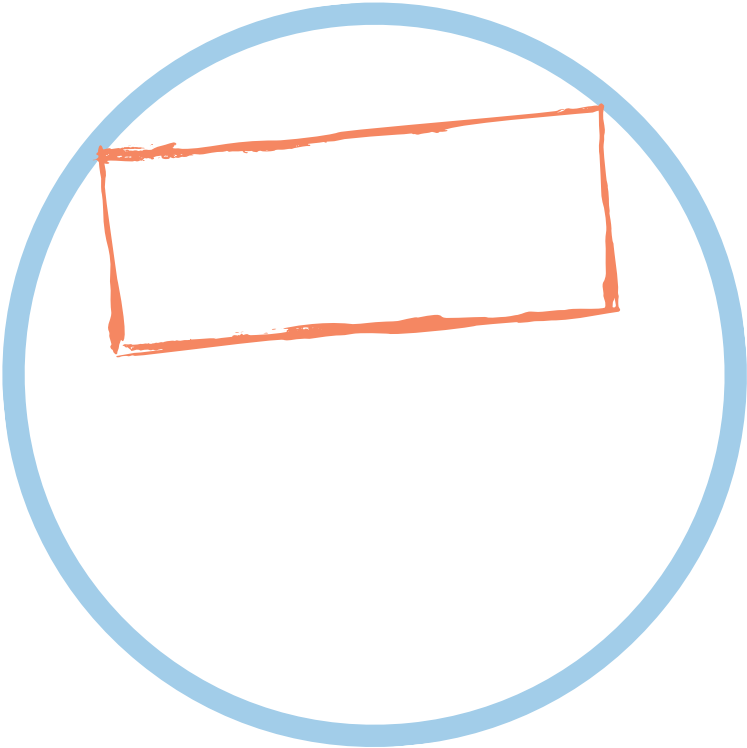

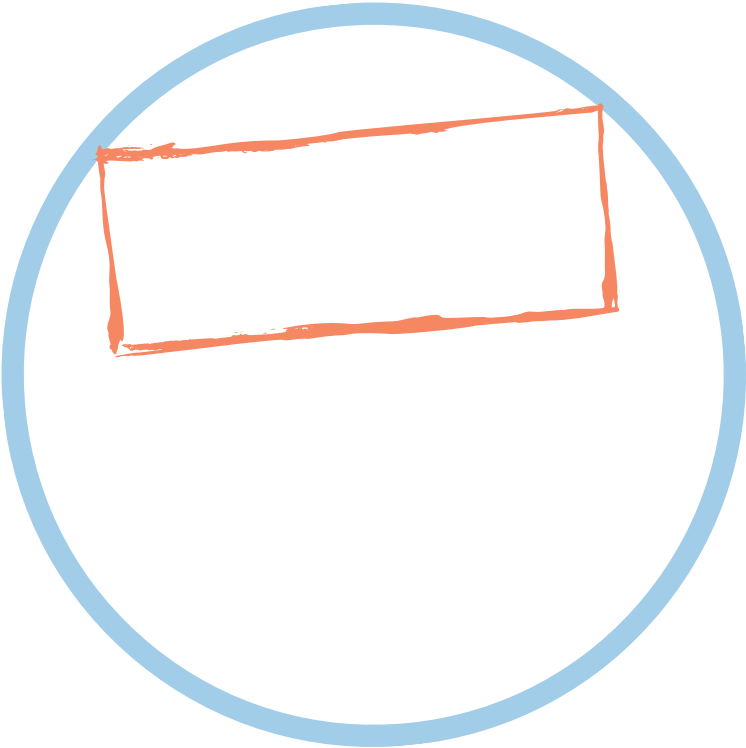

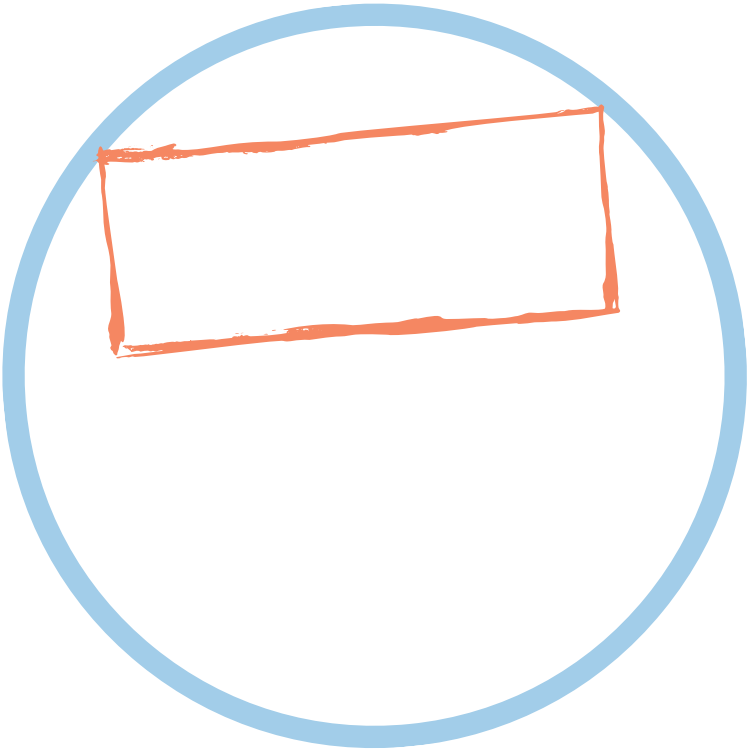

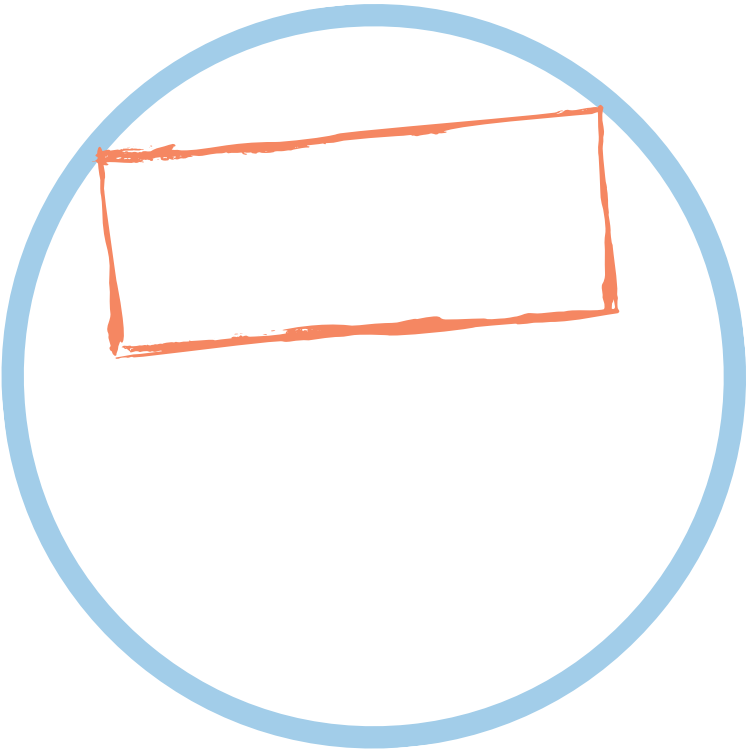

- circles of paper or card - one per child (see template)
- colours
- scissors

Instructions:

- Give each child a circle
- Ask them to draw their happy face on the circle
- On the reverse side, invite them to write or draw what makes them happy and/or how they share happiness with others
- In the box on the front, the children write a prayer of thanks to God for all that makes them happy

Front of card
