

# Year C - The Most Holy Body and Blood of Christ

## Luke 9:11-17

Making ordinary things  
extraordinary

Set up a prayer space and around it have a number of jars labelled with a things that the children could ask for in prayer, e.g. kindness, honesty, bravery, faith etc

Have available little pebbles (or grains of wheat) and explain to the children that once the prayer starts they can collect some pebbles or wheat and drop them into the jar of whatever they want more of and ask Jesus for more of it in their life.

Play some reflective music and begin the prayer, get the children to peacefully start and remind them they can choose more than one.

Once they have completed the prayer remind them that Jesus takes ordinary things and makes them extraordinary, and he does this in our life, be ready for the extraordinary things Jesus will do in your life.

Finish with a final prayer together.
