

Year C - 20th Sunday in Ordinary Time

Luke 12: 49-53

Called for more!

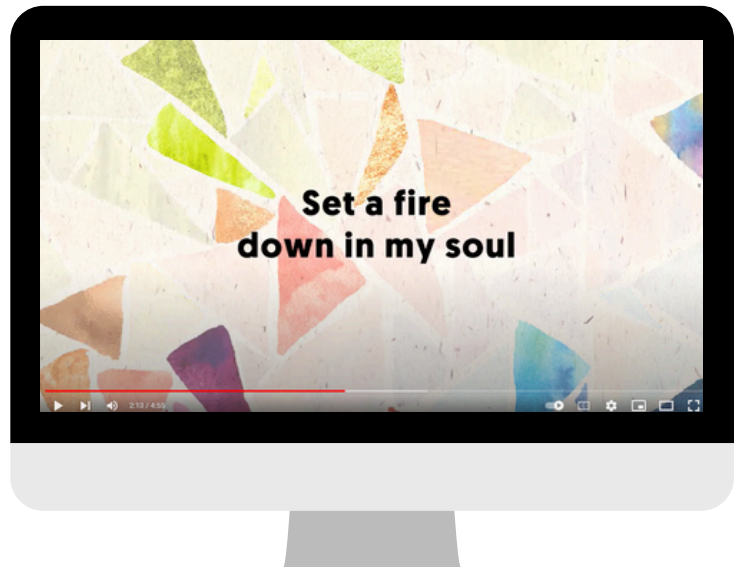

This prayer aims to remind the children that God wants them to have passions, it's a way that we can work with God to share the Good News with everyone we come across.

Bring the children together and quickly recap what you have done with them so far. Bring it all together with a summary that connects the activities with the Gospel. For example:

Have you ever wondered why you are passionate about these things? What makes you so interested in them? Could it be that God has put these passions on your heart because he is passionate about them too? God wants to work with us to help set a fire on the world, that more people would know the great love God has for each one of us.

Get the children to spread out a find a space where they are comfortable, play the lyric video below through youtube or play the song.

When the song has finished, say a final prayer to wrap up your time together.
