

Plastic Free July

Plastic Free July – Get Ready!

Where to start, to face our plastics problem? With discussion.

Organise a plastic free morning tea at the end of June. This enables you to model sharing food without using plastic and then, over a coffee and good food, discuss the options for living a more plastic free lifestyle.

Pope Francis in *Laudato Si'* called us to challenge our 'throw away' habits.

See ideas and resources for hosting a plastic free morning tea at this [link](#).
