## Luke 17:11-19

*Treat Me like...*

*The idea of this game is that the children will get an idea of the different ways we can treat people and reflect on how that feels.*

### You will need

- Pens
- Little people template

### Instructions

1. On one side have the children draw a sad person and add rashes and scabs to their skin
2. On the other side draw the same person but happy and with clear skin

### Optional

*You could add a paddle pop stick to one of the feet to use as a handle for holding them.*

*Retell the story with the children and get them to use their puppets to help you tell the story.*
