

# Year C - 33rd Sunday in Ordinary Time

## Luke 21:5-19

Build Your Kingdom Here!

### Background:

- God is always with us which means when things are falling apart, God is and always will be with us. In today's gospel, Jesus is reminding us that no matter what happens in our lives don't worry - God is forever!

### You will need:

- An assortment of building blocks or boxes that you can stack.

### Instructions:

- Invite a couple of children to help you stack the blocks or boxes to make a building. (You don't want it to be too steady.)
- Ask the children *how long do they think the building will last? What will happen if you knock a block or box? Will it fall over?*
- *Let's find out!* (Knock or move a block or box until it falls over.)
- *Yes, a pretty good building but not very solid. That is what we are like without Jesus in our lives, we may look good but not very solid.*
- *If time permits, let other children have a go at building.*
