You will need

- You will need: plastic eggs that can be opened, scriptures/Easter story printed out and place in each one (see next page).
- Children will be familiar with the egg hunt, but this one has a biblical theme.
- Cut out the excerpts from the Easter story on the following page and place one in each egg.
- Send the children on an egg hunt to find all the eggs.
- Once they have been collected, get the children to work together to put the story in order and read it together.
