Revisit their Baptism

Instructions

- Bring out some of the elements from a baptism celebration and set it up, point out to children the different items and how it is used. Let the children explore the set up, pouring water (you could bring in a baby doll and let the children take turns pouring water over its head or putting oil on its forehead).

- The following page depicts two scenes one of the Baptism of Jesus, the other a baptism of a child. Print out onto an A3 page or project onto a screen (a separate PowerPoint slide is available in the Dropbox folder.
-
- Help the children point out the similarities between the depiction of the baptism of Jesus and our baptisms today. For example:
- Water
- John the Baptist/priest
- Holy Spirit
